Westchester Cup – International Day Guards' Polo Club – Queen's Grounds - Windsor Great Park

The main polo match for the day places the visiting Away Polo Team (United States) seeking its victory and the opportunity to retain the Westchester Cup, now in the friendly hands of the United States, on the hallowed Queen's Grounds to compete with the well played England Polo Team. It will be a great game of fast action polo for the very coveted Westchester Cup.

Each country has mounted its best, experienced polo players. Each carrying the sought after honor to play for their Country and carry their Country's flag on the Queen's Grounds to victory.

While the day's victory will be earned by the winning polo team, the victory of the day will surely be subsequently followed by a challenge to extend the hallowed honor to play for their countries on another day in the future for a return polo match for the Westchester Cup.

 *The Westchester Cup, as part of the International Day at Guards Polo Club on the Queen's Grounds, is the most historic and prestigious international polo match between the United States and England. It is classic, challenging, competitive international polo at its greatest for one of the most important international perpetual polo trophies. It is a coveted experience to play and to participate in this honored event. It is a privilege for Equus & Co. to present the United States Polo Team.*
